

Our vision is to be a community of grace, telling the unsaved of salvation by grace, encouraging the saved to live and grow in grace, and extending grace to others.

A Good Work In You

Earlier this year, Sherry and I decided to do a major home project. We received quotes from a few contractors, determined what we could afford to spend, then pulled the trigger and signed a contract. The contractor we chose initially gave us an estimate of four to six weeks to completion. We, of course knew to expect the unexpected along the way.

As the job began and the first cut in the wall was made, we were excited, But with every cut, as you can imagine, dust began to appear. Even though plastic was hung from ceiling to floor, dust seemed to appear ever where, eventually ending up on everything in the house. As the weeks progressed, so did the mess. At first I tried to keep up with it and clean as much as I could. Eventually the dust won out and I figured it would just be easier to wait until it was all finished.

As the project came to completion, to my surprise, the contractor provided a cleaning service and deep cleaned our home. I can't begin to tell you how nice it was to be dust free. The dust was indeed a mess, but it was definitely worth it in the end.

All of us are on a unique journey in life and, as all of us have experienced, it is not always easy. As God works in us, we often encounter a lot of dust. I am not equating dust to sin, but rather the pain and difficulties that God allows us to experience to mold us into what He wants us to become.

The life-lessons that God gives us, help us to become like Christ; patience, understanding, compassion, humility, etc. All these facets of Christ do not come naturally to most of us. They must be learned, and the process is often a dusty one. Paul writes, *"And I am sure of this, that he who began a good work in you will bring it to completion at the day of Jesus Christ."* (Philippians 1:6 ESV).

Many of us have learned significant lessons already, but we all still have a long way to go. Don't get discouraged by the dust in your life, but be thankful for the opportunity to give God glory and praise as we become more like Christ in everything we do.

Let's be reminded of the beautiful truth, that one day, God will bring his work in us to completion—a deep clean so to speak, when we will be glorified in Him. To God be the glory forever. Amen
